Section 2- Hazards Identif	ication			
(a) Classification				
This chemical is not consid	dered hazardous by the 20	12 OSHA Hazard Commu	nication Standard (29 CFR	
1910.1200) This prod <mark>uct is an article</mark> which is a sealed battery and as such does not require an MSDS per the				
OSHA hazard communication standard unless ruptured. The hazards indicated are for a ruptured battery.				
Acute toxicity - Oral	Category 4			
Acute toxicity - Dermal	Category 3			
Skin corrosion/irritation	Category 1 Sub-	-category B		
Serious eye damage/eye irritation Category 1				

400-1668-320

Specific target organ toxicity	Catagony 1
(repeated exposure)	Category 1
Carcinogenicity	Category 2
Skin sensitization	Category 1

(b) GHS Label elements, including precautionary statements

Emergency Overview

Signal word: Danger

Hazard Statements

Harmful if swallowed

Causes severe skin burns and eye damage

May cause an allergic skin reaction

Suspected of causing cancer

Causes damage to organs through prolonged or repeated exposure

This product is an article which contains a chemical substance. Safety information is given for exposure to the article as sold. Intended use of the product should not result in exposure to the chemical substance This is a battery. In case of rupture: the above hazards exist.

Appearance Gold	Physical State Solid Odor Odorless		
	Obtain special instructions before use		
	Do not handle until all safety precautions have been read and understood		
	Use personal protective equipment as required		
Precautionary Statements-	Wash face, hands and any exposed skin thoroughly after handling		
Prevention	Do not breathe dust/fume/gas/mist/vapors/spray		
	Do not eat, drink or smoke when using this product		
	Contaminated work clothing should not be allowed out of the workplace Wear protective gloves		
	IF EXPOSED OR CONNECTED: Get medical advice/attention. Specific treatment (see supplemental first aid/instruction on this label).		
Precautionary Statements-	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a POISON CENTER or doctor/physician.		
Response	IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and water before reuse, if skin irritation or rash occurs: get medical advice/attention if feel unwell.		
	IF INHALATION: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. If experiencing		
1-3F, Building 7, He'er Hongben Industrial Zone, Dawangshan Community, Shajing Street, Bao'an District, Shenzhen, Guangdong, China			

	respiratory symptoms: Call a poison center or doctor/physician.			
	IF SWALLOWED: Rinse mouth, do not induce vomiting, call a poison center or doctor/physician if feel unwell.			
Precautionary Statements-				
Storage	Store locked up			
Precautionary Statements-	Dianage of contents/container to an approved wests dianaged plant			
Disposal	Dispose of contents/container to an approved waste disposal plant			
(c) Hazards not otherwise	Neterrieghts			
classified (HNOC)	Not applicable			
(d) Unknown Toxicity				
(e) Other information	Very toxic to aquatic life with long lasting effects; Repeated or prolonged			
(e) Other information	skin contact may cause allergic reactions with susceptible persons.			
(f) Interactions with Other	No information quailable			
Chemicals	No information available.

Section 4- First Aid Measures

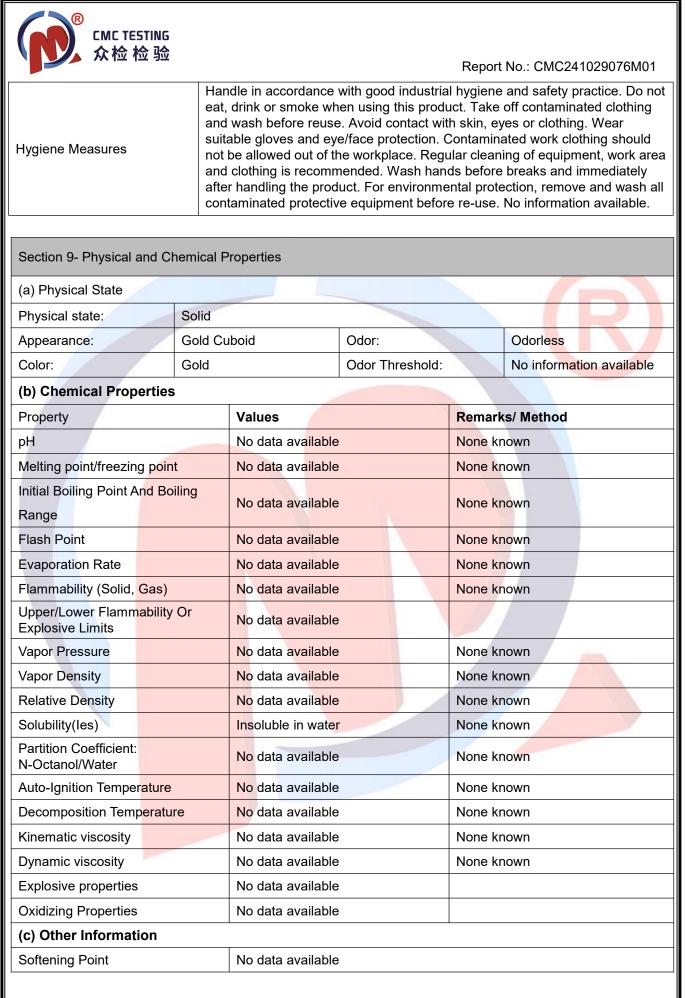

(a) Description of first	(a) Description of first aid measures				
General Advice	First aid is upon rupture of sealed battery.				
Eye contact:	Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Do not rub affected area. Remove contact lenses, if present and easy to do. Continue rinsing. Seek immediate medical attention/advice.				
Skin contact:	Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Immediate medical attention is required. May cause an allergic skin reaction. Remove and isolate contaminated clothing and shoes.				
Inhalation:	Remove to fresh air. If breathing has stopped, give artificial respiration. Get medical attention immediately. Do not use mouth-to-mouth method, if victim ingested or inhaled the substance; give artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. If breathing is difficult, (trained personnel should) give oxygen. Delayed pulmonary edema may occur. Get medical attention immediately if symptoms occur.				
Ingestion:	Do NOT induce vomiting. Rinse mouth immediately and drink plenty of water. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.				
Self-protection of the first aider:	Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Wear personal protective clothing (see section 8).				
(b) Most importan <mark>t sy</mark>	mptoms/effects, acute and delayed				
Most important symptoms and effec <mark>ts:</mark>	Itching. Coughing and/ or wheezing. Burning sensation.				
(c) Indication of a <mark>ny i</mark>	mmediate medical attention and special treatment needed				
Notes to Physician	Treat symptomatically. May cause sensitization of susceptible persons.				
Section 5- Fire Fighting	Measures				
(a) Extinguishing <mark>mec</mark>	lia				
Suitable extinguishing media:	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.				
Unsuitable extinguishing media:	CAUTION: Use of water spray when fighting fire may be inefficient.				
(b) Special hazards arising from the chemical					
The product causes burns of eyes, skin and mucous membranes. Thermal decomposition can lead to release of irritating gases and vapors. Product is or contains a sensitizer. May cause sensitization by skin contact.					
Hazardous Combustion Products	Carbon oxides.				
1-3F, Building 7, He'er Hongben Industrial Zone, Dawangshan Community, Shajing Street, Bao'an District, Shenzhen, Guangdong, China400-1668-320info@cmczj-lab.comwww.cmczj-lab.com5 / 15

Section 13 – Disposal Considerations (a) Waste treatment methods Disposal methods: This material, as supplied, is not a hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with a hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements. Contaminated Packaging: Disposal should be in accordance with applicable regional, national and local laws and regulations.
