Hazard Statements

Harmful if swallowed

Causes severe skin burns and eye damage

May cause an allergic skin reaction

Suspected of causing cancer

Causes damage to organs through prolonged or repeated exposure

This product is an article which contains a chemical substance. Safety information is given for exposure to the article as sold. Intended use of the product should not result in exposure to the chemical substance This is a battery. In case of rupture: the above hazards exist.

Section 4- First Aid Measures

| (a) Description of firs | t aid measures | | |
|--------------------------------------|--|--|--|
| General Advice | First aid is upon rupture of sealed battery. | | |
| Eye contact: | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minute Keep eye wide open while rinsing. Do not rub affected area. Remove contact lenses present and easy to do. Continue rinsing. Seek immediate medical attention/advice. | | |
| Skin contact: | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Immediate medical attention is required. May cause an allergic skin reaction. Remove and isolate contaminated clothing and shoes. | | |
| Inhalation: | Remove to fresh air. If breathing has stopped, give artificial respiration. Get medical attention immediately. Do not use mouth-to-mouth method, if victim ingested or inhat the substance; give artificial respiration with the aid of a pocket mask equipped with one-way valve or other proper respiratory medical device. If breathing is difficult, (trained personnel should) give oxygen. Delayed pulmonary edema may occur. Get medical attention immediately if symptoms occur. | | |
| Ingestion: | Do NOT induce vomiting. Rinse mouth immediately and drink plenty of water. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately. | | |
| Self-protection of the first aider: | Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Wear personal protective clothing (see section 8). | | |
| (b) Most important sy | mptoms/effects, acute and delayed | | |
| Most important symptoms and effects: | Itching. Coughing and/ or wheezing. Burning sensation. | | |
| (c) Indication of any i | mmediate medical attention and spe <mark>c</mark> ial treatment needed | | |
| Notes to Physician | Treat symptomatically. May cause sensitization of susceptible persons. | | |
| | | | |
| Section 5- Fire Fighting | Measures | | |
| (a) Extinguishing me | dia | | |
| Suitable extinguishing media: | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. | | |
| Unsuitable extinguishing media: | CAUTION: Use of water spray when fighting fire may be inefficient. | | |
| (b) Special hazards a | rising from the chemical | | |
| | ns of eyes, skin and mucous membranes. Thermal decomposition can lead to release ors. Product is or contains a sensitizer. May cause sensitization by skin contact. | | |
| Hazardous Combustion | Carbon oxides. | | |
| Products | | | |

| Section 7- Handling and Storage | | | | |
|---------------------------------|--|--|--|--|
| (a) Precautions for sat | e handling | | | |
| Handling: | Handle in accordance with good industrial hygiene and safety practice. Wear personal protective equipment. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. | | | |
| (b) Conditions for safe | e storage, including any incompatibilities | | | |
| Storage: | Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep out of the reach of children. | | | |
| Incompatible Products: | Acids. Bases. Oxidizing agent. | | | |
| | | | | |

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value

OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits Immediately Dangerous to Life or Health

| Other Exposure Guide | lines | Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992) See section 15 for national exposure control parameters | | | |
|------------------------|----------|---|--|--|--|
| (b) Appropriate engi | ineering | controls | | | |
| | | Showers | | | |
| Engineering Measures | 5 | Eyewash stations | | | |
| | | Ventilation systems | | | |
| (c) Individual protec | tion mea | asures, such as personal protective equipment. | | | |
| Eye/Face Protection: | | None required for consumer use. If there is a Hazard of contact:. Tight sealing safety goggles. Face protection shield. | | | |
| Skin and Body Protect | ion: | None required for consumer use. If there is a Hazard of contact:. Wear protective gloves and protective clothing. | | | |
| Respiratory Protection | | No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required. | | | |
| Hygiene Measures | | Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Take off contaminated clothing and wash before reuse. Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Contaminated work clothing should not be allowed out of the workplace. Regular cleaning of equipment, work area and clothing is recommended. Wash hands before breaks and immediately after handling the product. For environmental protection, remove and wash all contaminated protective equipment before re-use. No information available. | | | |

| Section 11 – Toxicologic | al Information | | |
|--|--|--|--|
| (a) Information on the likely routes of exposure | | | |
| Product Information | Product does not present an acute toxicity hazard based on known or supplied information. In case of rupture: | | |
| Inhalation | Specific test data for the substance or mixture is not available. May cause irritation of respiratory tract. | | |
| Eye Contact | Specific test data for the substance or mixture is not available. Expected to be an irritant based on components. Irritating to eyes. May cause redness, itching, and pain. May cause temporary eye irritation. | | |
| Skin Contact | Specific test data for the substance or mixture is not available. Corrosive. (based on components). Causes burns. May be absorbed through the skin in harmful amounts. Harmful in contact with skin. | | |
| Ingestion | Specific test data for the substance or mixture is not available. Ingestion may cause irritation to mucous membranes. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea. May be harmful if swallowed. | | |
| | Harmful in contact with skin. Specific test data for the substance or mixture is not available. Ingestion may cau irritation to mucous membranes. Ingestion may cause gastrointestinal irritation, | | |

ADR/ ADN: The batteries are not subject to the provisions of United Nations Economic Commission for Europe (UNECE) ADR/ADN if they meet the requirements of special provision 188 of Chapter 3.3. Applicable as from 1 January 2025.

In addition, to be permitted in transport each lithium cell and battery types must have passed the applicable tests set out in Subsection 38.3 of the UN Manual of Tests and Criteria. The batteries should be well protected against short circuits.

Section 15 – Regulatory Information

(a) International Inventories

| TSCA: | Complies. |
|-------|--|
| DSL: | All components are listed either on the DSL or NDSL. |

TSCA - United States Toxic Substances Control Act Section 8(b) Inventory

DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List

(b) US Federal Regulations

SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372
