Safety Information

- The charging station will generate heat when charging. Always charge in a well-ventilated area. Do not charge under pillows, blankets or on flammable surfaces.
- Keep the charging station away from heat sources, direct sunlight, combustible gas, humidity, water or other liquids.
- Do not disassemble, open, microwave, incinerate, paint or insert foreign objects into the charging station.
- Do not subject the charging station to mechanical shock such as crushing, bending, puncturing or shredding. Avoid dropping or placing heavy object on the charging station.
- Do not short-circuit the charging station or store it in a receptacle where it may be short-circuited by other metallic or conductive objects.
- Charging station usage by children should be supervised.
- Please read the operating instructions (including charging instructions and information on the minimum and maximum operating temperatures), supplied with the charging station.
- Do not operate the charging station if it has been wet or otherwise damaged, to prevent electric shock, explosion and/or injury. Contact the dealer or authorised agent for assistance.
